

YOUNG men are doing lots of good to the community by their critical enthusiasm for style in clothes; just as all men want to feel young, so all men want to be in style.

But style isn't everything; the object in being particular in style is to look stylish; and you want the clothes to look stylish after you've worn them a few weeks or months, as well as during the first few days. There's one sure way of knowing that you're getting the clothes that stay stylish

Mainland Businessman Says Kilauea Is World's Wonder

"Your volcano is wonderful, wonderful! The surprise to me is that you do not make more of it."
This is the opinion of Mr. J. F. Anderson, Pacific Coast agent for Apollinaris water, who arrived by the last Wilhelmina, and with Mrs. Anderson made the trip to Hilo and the Volcano by the same steamer.
"I have seen Niagara Falls and numerous other wonders that attract tourists, but these are all in the 'also rans' when compared with Kilauea. "I can't understand why you do not make more of it. I never had a more enjoyable trip in my life, and I can't imagine anyone coming to the islands and failing to visit the Volcano if he has any idea of what wonderful sights that are at work within the earth. "The activity was unusual to be sure on the night we were there but under any circumstances the trip is more than worth while. It is a liberal education in the tremendous forces that are at work within the earth. "I am visiting the islands on business. Mrs. Anderson is with me, we as I brought my motor with me, we are taking sight seeing trips about this island as opportunity offers. Mrs. Anderson is simply carried away with Honolulu and I don't know how we shall be able to get away. Your climate is magnificent, and although I have heard some of your people talking about hot weather, it has not bothered us any. We are enjoying it to the full. My family prefers this section of the globe to anything we have yet encountered. "But that Volcano is grand. It is marvelous. You ought to let the people of the mainland know more about it, and I can't see how they can keep away from this place once you get them well started."
Mr. Anderson is a live business man and knows the value of advertising. Apollinaris water is one of the most widely advertised mineral waters in existence and the most widely used. The local distributing agency has been placed with H. May & Co. Mr. Anderson has kindly consented to give a talk on advertising before the Honolulu Ad Club at this week's meeting at the Rathskeller on Thursday noon.

"IMPERIAL ARMY MEDICAL COLLEGE"

A letter dated "Imperial Army Medical College, Canton, China," and signed "Holt A. Cheng, M.D.," is in hand, that contains an order for a shipment of a specific that the Doctor bluntly admits is a necessity in the treatment of kidney disease.
Dr. Cheng was educated in America and knows the utility of Digitalis, Nitro Glycerine, Basham's Mixture, etc., and sends 7,000 miles for Fulton's Renal Compound.

Another important order was "for Hospital supplies in Paris." The world is beginning to sit up and take notice of the fact that Bright's Disease is being cured.
Even under Fulton's Renal Compound all do not recover, but it is bad judgment to withhold it until the heart and recuperative power are nearly exhausted. Physicians can simply add it to the heart, eliminative and tonic treatment they are giving. There is no conflict. By relaxing the kidneys it changes the prognosis from despair to hope in many cases.
It can be had at Honolulu Drug Co. Ask for pamphlet.
